Sage Instant Payroll

Entry level payroll software that's ideal for managing the pay details of **up to 10 employees** and running the payroll of **small businesses**. Accredited by HM Revenue & Customs, it lets you **run your payroll** quickly, easily and accurately without any prior payroll experience.

Sage 50 Payroll 2009

Accredited by HM Revenue & Customs, **Sage 50 Payroll** is easy-to-use payroll software that gives you all the tools to run your payroll in-house, for **businesses with more than 10 employees**. It's the UK's favourite way to pay staff, and you need no prior payroll experience to use it. It's packed with all the features of Sage Instant Payroll plus much more - giving you full control of your **payroll process, payroll year end** and **essential employee information** including **tax, National Insurance, and statutory payments**.

Sage 50 Payroll Professional

Has all the benefits of Sage 50 Payroll plus **multi-company functionality**, variance recognition, reconciliation assistance and exception reporting, allowing you to process large volumes of payroll data quickly and accurately.

Sage 50 Forecasting

Forecasting the impact of decisions on the future of your business has never been more important. If you think forecasting is time-consuming and complex, think again. **Sage 50 Forecasting** is the easy way to see how different decisions will affect your cash flow, funds flow, Profit & Loss and Balance Sheet.

And because you don't have to set up any complex formulae yourself there's no risk of making errors in your calculations. You'll have all the information you need at your fingertips to help you make confident business decisions, and Sage 50 Forecasting does the hard work for you by using the data that's already in Sage 50 Accounts.
